A Glimpse at an Active and a Useful

Sunday afternoon the funeral of William Douglass was held at his residence. under the trees upon the front lawn yard. The Payson people assembled en masse, and soon the house and yard room was taken; then the street was soon crowded full of anxious friends and people in carringes. The Payson choir rendered "Nearer, My God, to Thee," and other ap-

PRINCIPLY AND GOL, to Thee," and other appropriate hymns.

The decections sold to to the thisty and a the control of the contr

taken in the midst of future business plans in his mind. He was liberal in donations for emigration, and missionary work, as well as generous to the poor; rendered assistance with means for all good purposes, and was kind and benevolent in his family and took pride in their comfort and happiness; was prompt in all business transactions as shown by the many letters and telegrams received of which a few may bear witness:

The following are specimens of many letters received by the family:

Mrs William Douglass and Family, Payson

Mrs William Douglass and Family, Payson, Utah:

Dhak Friends. We were very much an, prised and pained yesterday, to learn of the death of an old friend and patron, Brother Bouglass, and hasten to express to you our sincere sympathy and sorrow. During all the years that we have known him, we have come to regard him as an bonest opright mun, whose life of integrity should be a guide to his family and associates, as one worthy to be emulated. Would that we had more such men in our community. It will be many years before his memory grows dim in our recollections. Yours respectfully, Special Clawson, Olifton Roughes, William T. Foulder.

SALT LAKE CITY, Aug. 30, 1801. FRIDAT, Aug. 25, 1852.

Mr. William J. Douglas, Paycon, Utah:

DEAU FRIEND—Accept my heartfelt sympathy to your before we must even ment over my heartfelt sympathy to your betreavement over my death of your bitler. I had no idea that he was so sick and thought he would enjoy life a great many years you but one must enough to the will of the Alminhy in such cases. I runs that your mother will not take it too much to heart, and that will all bear up under your miscortum, believe me, your struip.

C. H. O'BRIEN.

OUT OF THE COMMON.

A man in Florida reports a stalk of
The latter rumors are sugar cane 6 feet 10 inches high.

Myron Jilson of Whittingham, Vt., is a promising young fellow. He is only 18, but he stands 5 feet 10 inches. Colonel Towell, seven feet eight inches in height, married Henrietta Morita, who is but twenty-two laches high, at Bolivar, Mo., recently.

a perfect nose.

William Brooks, a Laguna Beach, Cal.,

lad, is seven years old and weighs finety-six pounds. It is claimed that he can pick up a 50-pound sack of floor in each hand and tip over a barrel of sugar with one hand.

A cow that eats hope and yields milk of a brownish tint, resembling beer in taste and effect, belongs to James Thomas de Nabb, of Puysliup Valley, near Tacoma, Wash. The owner is proud of his four-legged brewery.

to draft a maximum railway act for sub-200 mission to the legislature, the board roplies 400 those of the Southern and Union Pacific the schedules of which companies the board revised. On the ..... \$ 1,752 Pacific the revision is already in effect, and Atchison. in the matter of the Southern Pacific the case is now on appeal to the supreme court of Oregon. The rates proposed and established by the commission, applied to the business of 1820, an average year, amounted to mess of ISSO, an average year, amounted to a net saving to the people of Oregon of over \$75,000. In view of these facts, and having full faith in the present law, the board "feels It is its duty to respectfully decline to devise any other scheme looking to legislative control in this matter." The young state of Oregon owns Its past development and its hope for the future largely to the rallways, and there does not seem to be any occasion for hostile legislation against these interests. With four great transcontinental lines siready competing for its traffic Oregon certainly is fortunate.

Government Bonds-Closing. NEW YORK, Aug. 25. 

New York, Aug. 25.—The declaring off of the strike caused some bull feelings in the stock market. The fluctuations were confined to narrower limits than usual, and most all of the leading railroad shares were restricted to a range of less than 1 per cent. Tennessee and Colorado Coal rose sharply in the forencon, but the limit of the movement was soon reached. The close was dull, barely stoady, generally slight, irregular gains.

Governments dull, steady.

A MODERN INNOVATION. That's what the "Americanized En-

oyolopædia Britannica" is. oughout the English-spe world the Encyclopædia Britannica is ranked the best, most securate and

any pretensions to literary judgment will deay this statement. There are blemishes in disn so there are in the Encyclopædia Bri-

reliable work in print. Nobody with

The ninth and latest edition of the Encyclopædia Britannica, compiled from five to twenty years ago, has become out of date, and on account of the rapidity of events, especially in the United States, it has become as s work of reference comparatively old. Gladstone states that the world has made more progress in the last hundred years than in all the past ages. Therefore the world demands not an encyclopædis that gives only the history of the past, but an encyclopudia that chronicles the mighty events of recent yours.

That is just what the "Americanized" Encyclopædia Britannica does, What is this Americanized Encyclopædia Britannica? It is the Encyclopædia Britanuica "Americanized," therefore modernized, and brought down to date, namely, 1890.

The Encyclopædia Britannica saya nothing about such men as Bismarck, Gladstone, Thomas A. Edison, Konsuth, Blaine, Cleveland, Henry Ward Beecher, Jefferson Davis, Benjamin Harrison, nor even General Ulyasea S. Grant; in fact, nothing of the men who lived in the past few years, whose history is that of the world. The Americanized Encyclopædia Britannica contains the biographies of not only the above great men, but also of thousands of others whose names will be handed down to posterity and cherished by it as great for all time to

The Encyclopædia Britannies, compiled by Englishmen for the use of Englishmen, slights American subiects; as an illustration, the Encyclopædia Britannica will tell von more about an insignificant English borough than a sovereign American State: lengthy details about my Lord Tomnoddy, but sadly silent about Ethan Allen, whose acts as leader of the Green Mountain Boys in capturing the first fort (Ticonderoga) from the British in the War for Independence placed him in the front rank of liberty's heroes.

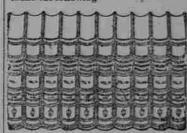

The Encyclopædia Britannica na doubt is a valuable work for the dreamer, the theorist or the man of leisure who can devote plenty of time In looking up such abstruse subjects as the infinitesimal calculus, the catacombs of Rome, or the dreamy time before the flood, but when it comes down to modern events, to use the latest slang, "it is not in it."

According to it (Encyclopædia Britannica), Albany, the capital of New York State, is still an overgrown town of only 70,000 or so inhabitants, Denver is still a hamlet of 15,000, while Chicago is put down for the modess population of a trifle over 400,000. The spirit of the age is to say what

is to be said, in the least possible words. We moderns do not want to wade through flowery avenues of beautiful phrases, by which the Encyclopædia Britannica has been spun ont to the wearisome length of twentyfour cumbersome volumes, but to get at the wheat of the subject at once, disposing of useless and meaningless words to the idle dreamer, or the four winds of heaven.

The "Americanized" Encyclopedia Britannica condenses the information given in the twenty-four volumes of the Encyclopædia Britannica into ten solid, substantial volumes in which every sentence bristles with invaluable information, and in which you can get at the meat of a subject without wading through a forest of words.

By contracting with the publishers for a large number of sets we have obtained exclusive right of the work for this section, and are enabled to make the following

We will give The Dally Herald one year and the set of Encyclopedias for \$50, 55 down and \$3.50 per mouth the paint The Sundy Herald and the set for \$22.50 and The Sam-Werker Herald and the set with a premium receipt) for \$23.00 also in mouthly payments if dealred. A discount of 5 per sent will be allowed for each.
